

Tower T5

2020/3/11 11:48

A photograph of a construction site for two towers, T6 and T7. The towers are under construction, with visible concrete frames and extensive scaffolding. Numerous vertical rebar rods protrude from the top of the structures. In the foreground, a large pile of bundled steel reinforcement bars (rebar) lies on the ground. The ground is dirt and gravel. The sky is clear and blue.
